Week 11 · Evidence Clinic Worksheet

ARCH7476 · one claim, one source, before and after

Name	Date	Project (PhD research / studio)

1 · Did Week 10's feedback land?

The advice I received, and from whom

Addressed / In progress / Deferred / Rejected	Where you can see it (file, page, figure), or why not

Reviewer's answer: is that what you meant?

2 · Before: the abstract only (write this before opening the full text)

My claim: my project proposes ___ because I believe ___

Source (citation + DOI)

The abstract says ___. I took it to mean ___, so I was going to ___.

3 · The trail (OpenAlex)

OpenAlex ID	oa_url (or none)	Cited by / references	Date retrieved

One citing or cited work worth checking

4 · Found: the full text

Methods: what, where, how many, which conditions? (location)

Result: which measure, compared with what? (location)

What the abstract left out (figure / table / location)

Limitation the authors state (location)

5 · After

Supported as stated / Needs narrowing / Contradicted / Not yet established, because ___

I can now claim ___, so I will keep / narrow / change ___ and check ___ next.

Clinic question I was asked

My response: accept / adapt / defer / reject, because ___

Copy sections 1, 5 and the clinic response into your Feedback + Revision Ledger. Put the DOI, OpenAlex ID and retrieval date in your capsule's source list. Week 11 is formative; A4 requirements are unchanged.
